

Leveraging and Aligning Opportunities to Advance and Sustain School Mental Health

CYBHI

Children and Youth Behavioral Health Initiative

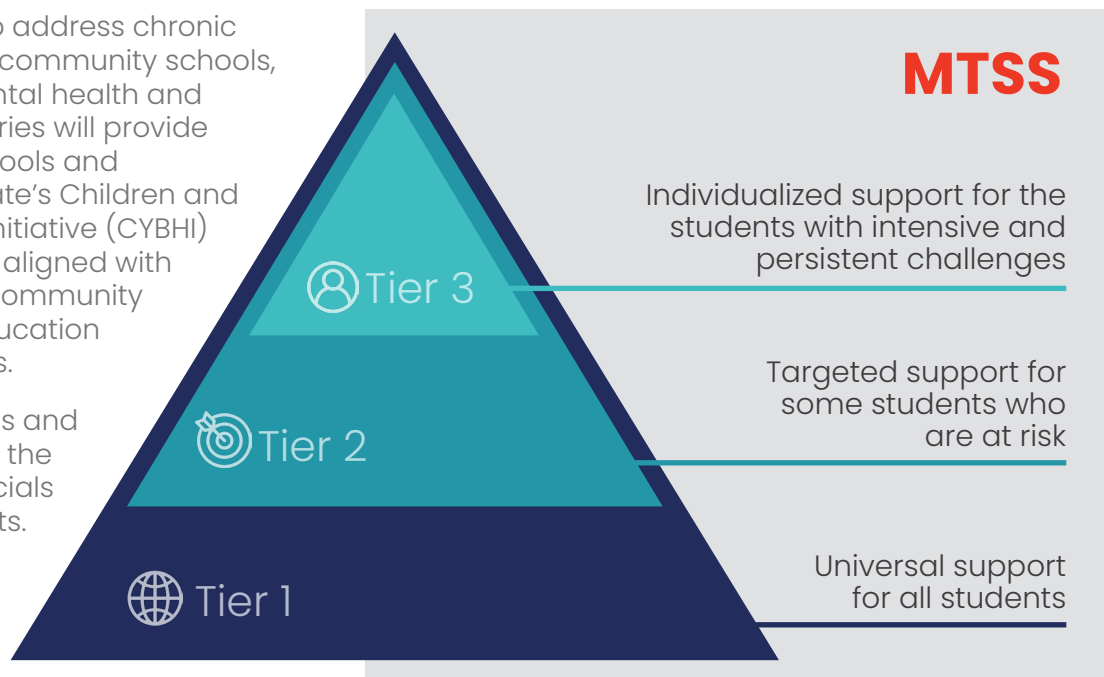

New Webinar Series for LEAs, COEs, County BH, CBOs, Managed Care Plans and Others Working to Improve Student Mental Health and Wellbeing

Learn about how you can use and apply new tools and resources to support student mental health and wellbeing.

As LEAs continue efforts to address chronic absenteeism, implement community schools, and improve student mental health and wellbeing, this webinar series will provide information on how new tools and resources through the State's Children and Youth Behavioral Health Initiative (CYBHI) can be incorporated and aligned with your work on MTSS, PBIS, Community Schools and other key education frameworks and initiatives.

Hear from other LEAs/COEs and partners from throughout the state, as well as state officials and subject matter experts.

Register for the webinars below.

August 9, 2 pm – 4:30 pm: Safe Spaces: Trauma Informed Training for Educators (MTSS Tier 1)

New, free resources school districts can leverage with tangible strategies to create trauma-informed spaces.
